CANDIDATE STATEMENT:

I am honored to be nominated as the Membership Secretary. Before becoming a Transportation Engineer at Caltrans, I worked in the private sector, and experienced firsthand what it is like to work in an environment without the same level of benefits. Being a member of PECG for almost 2 years, I have already benefited from the collective bargaining process. I believe that PECG helps provide fair and reasonable benefits to members.

If elected as the next Membership Secretary, I will use my personal and professional experience to help inform employees of how they benefit from PECG, and will strive to increase the bargaining strength of the organization by expanding enrollment.

Thank you for your consideration and support. I look forward to the opportunity to serve in the organization that has fought to safeguard my rights and benefits as an employee of Caltrans.
