## President's Welcome Letter

Dear friends of the PECG Sacramento Section

The election to the President of the PECG Sacramento Section means a lot to me and I personally thank you all for placing so much confidence in me and electing me to the highest position of the PECG Sacramento Section. I promise you all that I will fulfil my duties to the fullest.

One interesting thing that happened this year was that almost 50% of our elected officials to the PECG Sacramento section are elected for the first time. Change is good and I am sure our Section will benefit from this as new ideas to improve our Section will emerge. We have a team of new energetic officers who are ready to serve you.

One thing that I will improve upon this year will be the food served in our Quarterly and Annual meetings, I will try to focus upon that and provide you the best food in these meetings.

I expect help from all of our members of PECG Sacramento Section in going forward. Let us join hands together and work toward the betterment of our Sacramento Section.

We will entertain any suggestion to improve our Sacramento Section website or anything needing improvements, please have your suggestions keep coming.

Thank you very much your membership and your continuous support.

Sincerely,

Tillat Satter,

President PECG Sacramento Section
